Components of the program include, but are not limited to, providing education and training, enforcing policies, rules, and best practice guidelines, promoting healthy boundaries, and mandated reporting of violations.</p> <p>The Minor Athlete Abuse Prevention Policy (“MAAPP”) prohibits applicable adults from having one-on-one interaction with minor athletes that is not within an observable and interruptible distance from another adult. All applicable adults participating in or associated with this meet, acknowledge that they are subject to the provisions of the USA Swimming MAAPP and that they understand that compliance with the MAAPP Policy is a condition of participation in the conduct of this competition.</p> <p>Pursuant to USA Swimming Rules and Regulations and federal law, it is every member’s responsibility to immediately (i.e., within 24 hours) report any incident of child abuse, including physical or sexual abuse, to law enforcement and the U.S. Center for SafeSport. Reporting must occur when an individual has firsthand knowledge of misconduct or where specific and credible information has been received from a victim or knowledgeable third party. A report to the U.S. Center for SafeSport may be made via telephone at 720-531- 0340 or online at uscenterforsafesport.org/report-a-concern. Various state laws may also require reporting to law enforcement or to a designated child protection agency.</p> <p>All athletes aged 18 and older must complete Athlete Protection Training (“APT”) to be a USA Swimming registered member in good standing. Any athlete who turns 18 on or after 30 days prior to the start of the competition, and who has not completed APT by the first day of competition, will be prohibited from participating in the competition until such time as all membership requirements are completed. Times achieved by an athlete who turns age 18 on or after 30 days prior to the start of the competition, who competes in this USA Swimming-sanctioned event without completing this membership requirement, will NOT count for qualification or recognition. This includes participation as a member of a relay.</p> <p>The requirement to complete Athlete Protection Training is an annual requirement. USA Swimming membership will be affected if a non-athlete member or adult athlete member does not renew Athlete Protection Training annually.</p> <p>Each club is responsible for their swimmers' conduct. Any person who, in the opinion of the Meet Director or Meet Marshall, is harmful to others or to other’s property may be required to leave the competition. If the home club coach is not planning to attend the event, the swimmer must designate a supervising coach. Arriving with a fellow LSC club/coach is preferred. However, if a swimmer arrives without a coach, he/she must find a willing coach at the facility to sign a supervision form before a credential can be issued.</p> <p>Any swimmer entered in the meet must be certified by a USA Swimming member-coach as being proficient in performing a racing start. It is the responsibility of the swimmer or the swimmer’s legal guardian to ensure compliance with this requirement.</p> <p>Deck changes are prohibited.</p> <p>Use of audio or visual recording devices, including a cell phone, is not permitted in changing areas, rest rooms, or locker rooms.</p> <p>Operation of a drone, or any other flying apparatus, is prohibited over the venue (pools, athlete/coach areas, spectator areas, and open ceiling locker rooms) any time athletes, coaches, officials, and/or spectators are present.</p>

The declaration cannot be changed, for sporting purposes, for a minimum of four years. • The athlete must demonstrate that her total testosterone level in serum has been below 10 nmol/L for at least 12 months prior to her first competition (with the requirement for any longer period to be based on a confidential case-by-case evaluation, considering whether 12 months is a sufficient length of time to minimize any advantage in women's competition). • The athlete's total testosterone level in serum must remain below 10 nmol/L throughout the period of desired eligibility to compete in the female category. • Compliance with these conditions may be monitored by testing. In the event of non-compliance, the athlete's eligibility for female competition will be suspended for 12 months. <p>Any athlete who desires to submit medical records to stay in compliance to the IOC rule shall submit to USA Swimming's National Team Managing Director: 1) a signed declaration that the member's gender identity is female, and (2) an attestation from a medical professional that the member's total testosterone level in serum has been below 10 nmol/L for at least 12 months prior to the member's first competition. USA Swimming will not accept actual test results or other medical records from a member and any such documents received by USA Swimming will be destroyed immediately.</p> <p>As a transitioning athlete, you may need to use a prohibited medication/substance that would require approval. To ensure compliance with these rules please contact the U.S. Anti-Doping Agency (USADA) at 719-785-2000.</p> <p>USA Swimming follows IOC guidelines for transgender participants, and therefore this information is subject to change as policy surrounding transgender elite athletes evolves.
